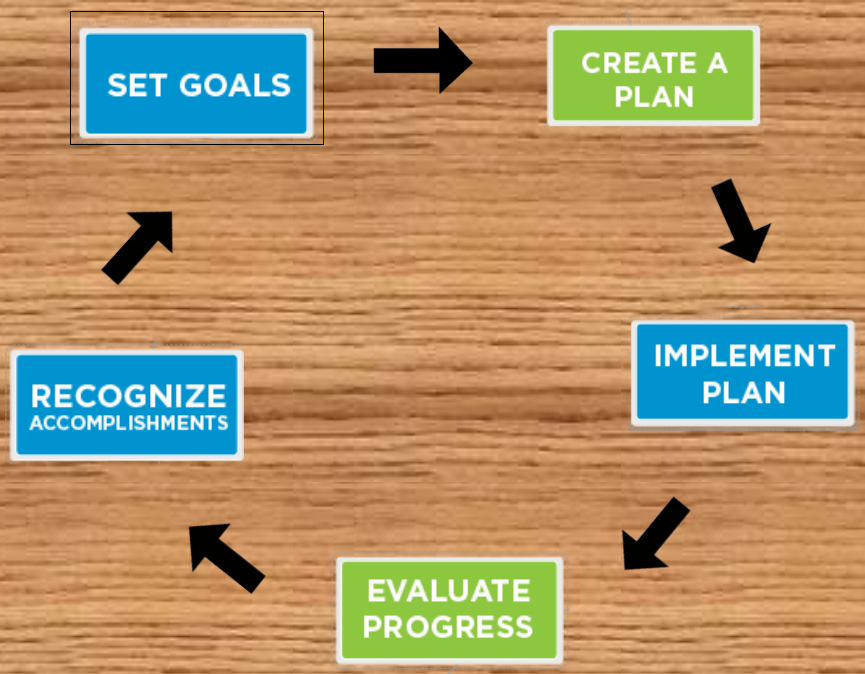
YSLETA DEL SUR PUEBLO GREEN TEAMS!

Ysleta del Sur Pueblo
Environmental & Natural Resources Department

Come be a part of the Ysleta del Sur Pueblo (YDSP) Green Teams! The teams will consist of 5 employees from each Tribal building and will help the YDSP staff consider the environmental effects of the everyday workplace & community operations as well as behavior. The Green Teams will attend workshops where they will learn new ways to reduce their environmental impact. They will be responsible for implementing and managing environmental changes in their prospective buildings. By improving our behavior and applying small changes to our everyday habits, we can create a more sustainable Pueblo!



Workshops will include:

- Transportation
- Recycling
- Energy Efficiency
- Waste/Food Reduction

And more! Lunch will be provided during workshop meetings.

To register your team and/or questions please contact the Environmental & Natural Resources Department at 915-859-7913.
