

HIGHER EDUCATION SCHOLARSHIP
ADMINISTRATION AND OPERATION GUIDELINES
EL PASO/ HUDSPETH COUNTY

PURPOSE OF GUIDELINES

The following Higher Education Scholarship Administration and Operation guidelines are established in order to govern Higher Education Scholarships administered by the Ysleta del Sur Pueblo Department of Tribal Empowerment and all funding sources to include but not limited to, the Bureau of Indian Affairs, and Tribal Funds. The purpose of the guidelines is to provide participating students, prospective students, and program staff clear policies and procedures to follow for the participation and administration of the Higher Education Scholarship for the El Paso and Hudspeth counties.

PROGRAM DESCRIPTION

The Ysleta del Sur Pueblo Department of Tribal Empowerment offers the Higher Education Scholarship to assist with tuition cost but is not to be considered as the total source of funding for higher education tuition cost. Applying for the Higher Education Scholarship does not merit automatic approval from the Higher Education Committee. The Higher Education Scholarship is a need-based award and is to be used towards a 2-year, 4-year and/or graduate/ doctoral program at an accredited college/university. **The Higher Education Scholarship cannot fund a student's second associates and/or second bachelor's degree. If a student chooses to pursue two-degree plans at the same time (i.e.; associate's degree plan and a bachelor's degree plan or a bachelor's degree plan and a master's degree plan), student must fulfill requirements for both degrees within the same academic year.** The amount of funding given to Ysleta del Sur Pueblo from the Bureau of Indian Affairs and other sources for higher education awards varies every calendar year.

ELIGIBLE PROGRAMS

Students are required to select an accredited institution that offers the curriculum for their career goal. A degree plan must be prepared, which outlines courses necessary for respective degree. Students enrolled in remedial courses (college preparation) will be limited to thirty credit hours. Funding assistance will be provided for elective credit courses, such as Music, Dance, Health, Exercise, etc. that are required according to the student's degree plan. Credit courses not included in the student's degree plan **must** have signed approval by the student's institutional advisor.

ELIGIBILITY

The Higher Education Scholarship applies to students who are enrolled tribal members of Ysleta del Sur Pueblo, reside within the El Paso/Hudspeth Counties, and are enrolled at an accredited 2-year and/or 4-year college/university.

RESIDENT STATUS/CRITERIA

Student must be an enrolled member of the Ysleta del Sur Pueblo and reside within the tribe's service area (El Paso/Hudspeth Counties). **An active duty military tribal member's resident status is based on their State of Legal Residency.** Copy of current state ID (must reside within YDSP service area), and a utility bill under student's name or copy of current state ID (must reflect YDSP service area) and military orders (temporary residency) must be submitted with application to verify resident status (documentation must reflect YDSP Service Area). If student does not have a utility bill under their name, a notarized letter from head of household or landlord must be submitted. If student does not have a current state ID (must reside within YDSP service area and address verified with Department of Tribal Court and Records), student must submit notarized letter from head of household. A utility bill under the head of household's name must accompany letters that are not notarized.

METHOD OF CALCULATION

Higher Education Scholarship funds will be used to supplement the students' cost of attendance. All students must apply for the Free Application for Federal Student Aid (FAFSA). Eligibility for other financial aid programs does not automatically disqualify an applicant. Other grants and/or scholarships awarded are in addition to any other financial aid or self-contribution. Parental contribution, personal contributions, and spouse contribution will not be considered for student's total resources. (See page 3, Table 1)

DEADLINES

All applications for the Higher Education Program and available supporting documents **MUST** be received by the following deadlines:

Table 2

Fall	Spring	Summer
July 1 st	November 1 st	April 1 st

Applications submitted after the deadline will not be considered for review. Applications will be voided five (5) business days after the first day of classes if applications are incomplete (missing supporting documents) and/or no communication has been made with designated Academic Success Advisor.

Students who apply by the appropriate deadline will be considered based on availability of funds. Any student not meeting program deadlines must be prepared to pay his/her own registration fees and all other related expenses.

PRIORITY

Priority is given to students whose complete applications are received by the deadline dates.

STUDENT UNMET NEED

The unmet need as defined by the Department of Tribal Empowerment, is the gap between the cost of tuition of a college or university minus any Federal Pell Grant Award.

CAP ON FUNDING

The Higher Education Scholarship will be based on the student’s unmet need and program eligibility. Amount of funding will be determined using the method of calculation listed in *Table 1*. **The amount of funding a student receives will be subject to the availability of funds. In some instances, due to limited funding, the total award may be less than the documented need.** If the student’s application is denied, or the amount awarded is less than the documented need, it is the **student’s responsibility** to pay their own fees.

FINANCIAL NEEDS ANALYSIS FORM

The Financial Needs Analysis Form is a clear and complete evaluation used by colleges and universities to which a student has enrolled. It outlines and totals the cost of education including tuition/fees, room/board, books/supplies, transportation, personal expenses, graduate, out of state and dependent allowance. It also outlines a student’s total available resources (see Financial Needs Analysis Form in Higher Education Scholarship Application packet). This report is completed by the institution’s Financial Aid Office, which determines how much aid will be available to the student. The

information reported on a student's FAFSA will be used to calculate student unmet need. It is the student's responsibility to ensure the IMPACT Program staff receives a current and signed Financial Needs Analysis Form from the institution. In the event the Financial Needs Analysis Form is severely delayed by the institution, the Student Aid Report will be used to calculate the amount awarded for the semester. The award will not be recalculated when Financial Needs Analysis Form is received at a later date.

MEASURABLE PROGRESS

Measurable progress will be determined during the next semester applied with an official/unofficial transcript reflecting grades, hours completed, and grade point average (GPA). Students must maintain a semester and cumulative GPA of 2.0 and complete all their enrolled courses in order to continue to receive Higher Education Scholarship funding. The following grade notations, but not limited to, will not be considered as credit hours completed: F, I, W, P, U, N, X and AU.

PROBATION

The first time a student fails to make measurable progress or fails to earn the required minimum 2.0 GPA, they will be placed on probation for one semester and their eligibility for Federal Student Aid may be affected. During probationary period, student will be allowed to continue receiving Higher Education Scholarship funding. A letter explaining their probation and future eligibility status will be provided to the student. While on probation, a student must meet the stated minimum grade requirement and complete required hours for the academic semester. At the end of the probationary period, grade and hour requirements will be reviewed. It is the **student's responsibility** to ensure that IMPACT Program staff has received the appropriate information to clear probation status. If all requirements are met, the student will be eligible to continue to receive funding. If requirements are not met, the student will be deemed ineligible and suspended from further funding.

SUSPENSION

If a student fails to meet Probation requirements, the student will be placed on Higher Education Scholarship Suspension and no funding will be awarded for the semester. A student whose funding has been suspended will be issued a suspension letter from the Department of Tribal Empowerment outlining requirements that must be met in order to become re-eligible for the Higher Education Scholarship. At the end of the semester, grade and hour requirements will be reviewed, and if all requirements are met, the student will be eligible to receive funding for the following semester. Minimum requirements will vary depending on the student's individual circumstances. It is the **student's responsibility** to ensure that IMPACT Program staff has received the appropriate information to clear suspension status. Until the student meets the set requirements, the student will remain on suspension. Student may also be ineligible from receiving Federal Student Aid.

WITHDRAWAL AND DROP RULES

It is highly encouraged for a student to meet with IMPACT Program staff **before** dropping or withdrawing from any courses. Student is expected to complete the amount of credit hours for which they are awarded. Withdrawal is not recommended except, for medical reasons or extenuating circumstances. **It is the student's responsibility to notify and submit proper documentation to the IMPACT Program staff of withdrawn or dropped course(s) within the same semester of the dropped course(s).** Students who withdraw or drop courses must adhere to the Higher Education Scholarship Reimbursement Policy.

If student withdraws/drops a class before the institution's census date, student must re-submit a new class schedule within five (5) business days of the withdrawal/drop of the class. Student must reimburse the full amount awarded by the Higher Education Scholarship for the course(s) withdrawn/dropped.

ADDITION OF CREDIT HOUR(S) AFTER AWARD

If student adds credit hour(s) to their schedule after submission and approval of Higher Education Scholarship application, the student must notify IMPACT Program staff within five (5) business days of course start date. If not notified within five (5) business days of course start date, it is the **student's responsibility** to pay all expenses related to the course. If the

Higher Education Committee approves the addition of credit hours, student is still responsible for any late fees charged by the institution.

REIMBURSEMENT POLICY

Student is responsible for reimbursing Higher Education Scholarship funds pertaining to the amount for courses dropped or withdrawn at any time during the awarded semester. Exemptions from the Reimbursement Policy will include justifiable conditions such as a death in the family, a verifiable family emergency, or medical condition. Supporting documents must be submitted to IMPACT Program staff. Failure to comply with repayment procedures will affect future funding and/or assistance. For any uncollected payment monies, a civil lawsuit against student will be filed in Tribal Court.

WAIVER REQUEST POLICY

A waiver request is available for those seeking financial assistance in reimbursing the Department of Tribal Empowerment for dropped or withdrawn courses. The waiver request process is as follows:

1. Within the same semester of dropping or withdrawing from a course, student must submit a letter to IMPACT Program staff at the Department of Tribal Empowerment using Waiver Request/Appeal Google Form. Failure to submit letter within the same semester will result in automatic denial for waiver. The letter must be addressed to the Higher Education Committee and state the reason(s) why student dropped or withdrew from the course. Along with letter, an official drop course slip from institution and any other supporting documents must be submitted to the Waiver Request/Appeal Google Form.
2. After submitting the letter to Waiver Request/Appeal Google Form, the waiver request will be reviewed by the Higher Education Committee at their next scheduled quarterly meeting. Waiver requests will be determined on a case by case basis.
3. Once the Higher Education Committee has reviewed and decided on the waiver request, the student will be contacted and notified of the decision via email and phone call.
4. Within five (5) business days of notification, student must schedule a virtual/in-person appointment with IMPACT Program staff to determine payment arrangements and sign a Promissory Note. Failure to comply with repayment procedures will affect future funding and/or assistance. For any uncollected payment monies, a civil lawsuit against student will be filed in Tribal Court.
5. After payment arrangements have been made, student must pay all scheduled payments to the Department of Finance (located at 119 S. Old Pueblo Rd., Ysleta del Sur Pueblo, TX 79907).
6. It is the student’s responsibility to submit a copy of the receipt to the Waiver Request/Appeal Google Form.

It is crucial to note that applying for a waiver request does not ensure automatic approval from the Higher Education Committee. The documents submitted will help the Higher Education Committee determine whether to approve/deny the Waiver Request. If approved, the amount waived will be determined by the Higher Education Committee using the following:

Table 3

Appeal Request	Credit Hours Appealing	70% Waived	50% Waived	30% Waived	10% Waived	0% Waived
First (1)	0-6 hrs					
	7-12 hrs					
	13+ hrs					
Second (2)	0-6 hrs					
	7-12 hrs					
	13+ hrs					
Third (3)	Automatically Denied					

REIMBURSEMENT PROCEDURES

The Reimbursement Procedure pertains to student’s dropped or withdrawn courses and funds determined by the waiver request outcome. Student can repay funds in one of the following manners:

1. **Full Payment:** Student can make a full reimbursement payment by making a check or money order payable to the Ysleta del Sur Pueblo and submitting to the Department of Finance (located at 119 S. Old Pueblo Rd., Ysleta del Sur Pueblo, TX 79907). The Department of Finance will issue a receipt for payment at the time payment is rendered.
2. **Installment Payment Plan:** Student can set up an installment payment plan with IMPACT Program staff. A signed promissory note must be executed, and the student **must** keep current on payments in order to qualify for future Higher Education Scholarship funding. Payments must be made to the Department of Finance.
3. **Payroll Deduction:** Student can set up a payroll deduction agreement through IMPACT Program staff and the Department of Finance if they are a regular employee of Ysleta del Sur Pueblo.

Failure to comply with repayment procedures will affect future funding and/or assistance. For any uncollected payment monies, a civil lawsuit against student will be filed in Tribal Court.

PROCEDURES FOR DISBURSEMENTS OF SCHOLARSHIPS

Upon Higher Education Scholarship award approval, please allow 1-2 weeks for the Department of Finance to issue a scholarship check. Once a scholarship check is issued to the institution, please allow an additional 2-4 weeks for the check to be processed. Each institution has its own procedure and office dedicated for disbursement. The Department of Tribal Empowerment will issue scholarships to the institution's respective office. The institution's respective office will distribute awards according to its policy on disbursement. Depending on the institution, any unused monies may be reimbursed to the student or the Department of Tribal Empowerment. If scholarship award is not processed by institution payment deadline, it is the student's responsibility to make payment arrangements with the institution in order to avoid automatic drop.

COUNSELING AND REPORTING POLICIES

The IMPACT Program offers general counseling and guidance on matters pertaining to higher education. In order to determine higher education matters of concern, aptitudes, and abilities, students are encouraged to meet regularly with an institutional counselor. Student is encouraged to seek assistance or guidance from IMPACT Program staff, if an issue cannot be resolved that might affect Higher Education Scholarship eligibility.

FRAUD OR FALSE INFORMATION

All information and documents provided for the purpose of applying for the Higher Education Scholarship must be true and correct to the best knowledge of the student. Any attempt to falsify, misrepresent, deceive, alter, impair, or otherwise mislead, verbally or in writing any of the application information (i.e. documents, personal information, registration information, etc.) will result in penalties deemed appropriate by the Higher Education Committee.

APPEAL CRITERIA AND PROCESS

An appeal process is available to any student who is unsatisfied with a decision made by the Higher Education Committee, to include application denial, probation/suspension status, and waiver request outcomes. In order to be considered for an appeal, student must demonstrate unusual/extenuating circumstance(s) that affected ability to uphold eligibility and/or academic performance standards while an applicant/recipient of the Higher Education Scholarship and led to the Higher Education Committee decision.

A student seeking an appeal may use the following:

1. Student must schedule a virtual/in-person appointment with IMPACT Program staff to obtain an appeal form.
2. Student must attach and submit the following using the Waiver Request/Appeal Google Form to IMPACT Program staff within five (5) business days of receiving appeal form:
 - i. A typed statement of the circumstance(s) that affected your eligibility and/or academic performance and led to the Higher Education Committee decision. Include how circumstance(s) have been resolved or no longer exist.
 - ii. Supporting documentation relevant to the explanation. (Examples: doctor or hospital statements, police reports, statements from a third party that knows the situation well.)
 - iii. An official/unofficial current academic transcript.

- iv. Class schedule and fee statement for the semester pertaining to the appeal.
3. Appeals submitted to the IMPACT staff will be forwarded to the Department of Tribal Empowerment Management Team, who will review the forms at their next bi-weekly meeting and make a final decision.
4. Once the appeal has been reviewed and decided upon, student will be notified via email and phone call. Results of an appeal will be emailed and mailed to the students address on file by the IMPACT Program staff.

Student may not request an appeal for a semester that has already ended. Any student anticipating making an appeal should be prepared to pay their own registration fees and all other related expenses if the appeal is not approved or is approved after payment deadline. **Decisions are final.**
